

## WEDNESDAY, October 25, 2017

---

**4:00-6:00 p.m.**      **Participant Registration and Exhibitor Setup** (Ballroom Concourse)

### Pre-conference Trainings

**8:00 a.m. -4:30 p.m.**      **Child Passenger Safety (CPS) Tech Renewal Testing**  
 Nationally certified CPS technicians, whose certifications have expired, are eligible to take the 8-hour Certification Renewal Testing Course. This class is designed to renew the certification for expired technicians who remained active in CPS and wish to become CPS technicians again. The class is limited to 20 participants and a fee will be charged to attend. The class will be held at the Maplewood Fire Department, 1955 Clarence Street, Maplewood, MN. To register or for more information, contact Diana Van Wormer at [carseatinfo@healthpartners.com](mailto:carseatinfo@healthpartners.com).

**1:00-5:00 p.m.**      **Standard Field Sobriety Testing (SFST)/DWI Update Training** (Room 4)  
 Explore the newest and most relevant court cases affecting law enforcement procedures, the ever-changing DWI law, tips on solidifying your DWI case, and a review of SFST skills and techniques--perfect for those who have already attended the 16-hour SFST course. FREE to attend – to register contact Don Marose at [don.marose@state.mn.us](mailto:don.marose@state.mn.us). Onsite registration will be accepted; please arrive 15 minutes prior. Attendees are responsible for their own lunch. *Approved for four POST credits*

**6:00-8:00 p.m.**      **Situational Awareness: Perham Area EMS Emergency** (Room 4)  
 Perham Area EMS and other local agencies responded to a person unconscious; a cardiac arrest for one and a trip to a hyperbaric chamber for others. This session will discuss the need for maintaining a high sense of vigilance and determine what to do when you become part of an incident. FREE to attend – to register contact Tom Nixon at [thomas.nixon@state.mn.us](mailto:thomas.nixon@state.mn.us). *Approved for two EMS CEU credits*

**6:30-8:30 p.m.**      **Child Passenger Safety Advisory Board Meeting** (Holiday Inn, Cathedral Room)  
 This meeting is for state CPS Board members only. No registration is required for meeting attendees. Contact Jennifer Booge at 218-732-7204 or [buckleupforlife@gmail.com](mailto:buckleupforlife@gmail.com) with any questions.

## THURSDAY, October 26, 2017

---

**7:00-8:30 a.m.**      **Registration, Continental Breakfast, and Exhibits** (Ballroom Concourse)

**8:30-9:45 a.m.**      **Welcome and Opening Remarks** (Ballroom)  
 Gynger Steele, Minnesota TZD Program Interim Co-Chair and Acting Director, Office of Traffic Safety, Minnesota Department of Public Safety

**Opening Plenary and Panel Discussion: Autonomous Vehicles and Traffic Safety: Promises and Challenges**  
 Jim Hedlund, Principal, Highway Safety North

- Moderator: Jay Hietpas, Minnesota TZD Program Co-Chair and Director, Office of Traffic, Safety, and Technology, Minnesota Department of Transportation
- Panelists:
  - Jim Hedlund, Highway Safety North
  - Tom Henderson, Driver and Vehicle Services, Minnesota Department of Public Safety
  - Col. Matt Langer, TZD Leadership and Minnesota State Patrol, Minnesota Department of Public Safety
  - Bernie Arseneau, HDR Consulting

Autonomous vehicles – self-driving cars – will guarantee zero traffic deaths, right? Or will they? This presentation will discuss traffic safety issues Minnesota must address as autonomous vehicles take to the road and interact with human drivers. The presentation will be followed by a panel discussion.

*Approved for EMS and POST credit*

## CONCURRENT SESSIONS 10:00–11:15 a.m.

### 1 TZD Safe Roads Grantee Session (Room 3)

#### Moderator

Gordy Pehrson, Office of Traffic Safety, Minnesota Department of Public Safety

#### Presenters

Kristen Oster and Gordy Pehrson, Office of Traffic Safety, Minnesota Department of Public Safety  
TZD Safe Roads Coalition Coordinators

What are the requirements for the TZD Safe Roads grants? Learn about the meetings, activities, reports, and financials that are needed to implement, enhance, and sustain successful grant activities. Experienced coalition coordinators will share highlights of their experiences, challenges, and strategies as well.

### 2 Kids Crash Course: When It Is Much More Than a Bump on the Noggin (Room 4)

#### Moderator

James Levi, Children's Hospital Minnesota

#### Presenter

Erik Brockman, Children's Respiratory and Critical Care Specialists

Using examples from his practice, Dr. Brockman will convince participants we can do a better job of recognizing and treating traffic-related pediatric head injuries. Cases gleaned from Indiana, Minnesota and Pennsylvania will be a springboard for discussion about the resuscitation of the brain after serious trauma. *Approved for EMS credit*

### 3 Design Features that Reduce Fatal and Serious Crashes on Our Expressways and Highways (Room 5)

#### Moderator

Jim Rosenow, Office of Project Management and Technical Support, Minnesota Department of Transportation

#### Presenters

Shauna Hallmark and Neal Hawkins, Iowa State University  
Max Moreland, Traffic Data, Inc.

How do drivers negotiate work zones and what is the role of speed and distraction in work-zone crashes and near crashes? How do drivers interact with Intersection Conflict Warning Systems (ICWS) in Minnesota? What are researchers finding regarding driver utilization of median acceleration lanes for side-street left turns and mainline u-turns? This session will explore these questions in depth.

### 4 Meet the Manufacturers (Ballroom Concourse)

#### Moderator

Officer Jill Lundquist, Sartell Police Department

#### Presenters

Courtney Barry, Chicco  
Allan Buchanan, Bubble Bum  
Tony Jerisha, KidsEmbrace  
Patsy Pilcher, Evenflo  
Sarah Tilton, Britax Child Safety, Inc.

Looking for an opportunity to work hands-on with child restraint manufacturer products? This session will answer that calling with the ability to ask any questions you have in a small group setting while rotating through stations. *Approved for CPS credit*

### 5 Anatomy for Building a Positive Traffic Stop (Room 6)

#### Moderator

Scott McConkey, Southern Minnesota Law Enforcement Liaison, Office of Traffic Safety, Minnesota Department of Public Safety

#### Presenters

Officer Steve Beberg, Coon Rapids Police Department  
Sgt. Kevin Otto, Ramsey County Sheriff's Office  
Sgt. Mike Roach, Minnesota State Patrol, Minnesota Department of Public Safety

In today's world, a traffic stop may produce an officer complaint. What are the best practices to avoid this? Learn from presenters who will discuss what has worked for them on building such important positive contact. *Approved for POST credit*

## 6 Synthetic Cannabinoids in Minnesota (Rooms 1-2)

### Moderator

Officer Susan Schultz, Orono Police Department

### Presenters

Kimberle Glowacki, Wisconsin State Laboratory of Hygiene  
Brian Marquardt, Office of Justice Programs  
Officer Nick Schultz, Moorhead Police Department

Listen to experts discuss the signs and symptoms of influence, the laws and challenges of sale and possession, the production of synthetic cannabinoids, and how the lab responds to these ever-changing substances. *Approved for POST credit*

---

## 7 DWI Mock Trial (Room D)

### Moderator

Bill Lemons, Minnesota County Attorneys Association

### Presenters

Lt. Don Marose, Minnesota State Patrol, Minnesota Department of Public Safety  
David Bernstein, Minneapolis City Attorney Office, City of Minneapolis  
Joe Van Thomme, Eckberg Lammers Law Firm

This interactive session will demonstrate testifying in court and provide feedback from experienced lawyers and judges. *Approved for CLE and POST credit*

---

## 8 Behind the Scenes at Super Bowl LII (Rooms 8-9)

### Moderator

Jody Oscarson, Office of Traffic Safety, Minnesota Department of Public Safety

### Presenters

Nadia Anderson, Uber Minnesota  
Brian Kary, Office of Traffic, Safety, and Technology, Minnesota Department of Transportation  
Col. Matt Langer, Minnesota State Patrol, Minnesota Department of Public Safety  
Commander Scott Gerlicher and Steve Mosing, City of Minneapolis

Coordinating a massive event takes a lot of planning. Add in bars open until 4:00 a.m. and a party atmosphere, traffic safety is a major concern. Where will all the extra law enforcement come from? How will we get Super Bowl attendees and surrounding partygoers home safely?

---

**11:30-1:00 p.m.**

**Luncheon Awards Ceremony and Agency Leadership Comments** (Ballroom)  
Traffic safety partners will be honored for their outstanding work.

**1:00-1:30 p.m.**

**Break and Exhibits** (Ballroom Concourse)

## CONCURRENT SESSIONS 1:30–2:45 p.m.

### 9 Attacking the Roadway Sleep Zombies (Room 3)

**Moderator**

Jane Landwehr, Office of Traffic Safety, Minnesota Department of Public Safety

**Presenters**

Birdie Cunningham and Roxanne Prichard, University of Saint Thomas  
Gail Weinholzer, AAA Minnesota – The Auto Club Group

Most drivers have found themselves tired or falling asleep while driving. Drowsy driving is not just falling asleep at the wheel – it is a profound impairment that mimics alcohol-impaired driving in many ways. Learn how key sleep disorders and chronic disease play a part in drowsy driving and what we can do about it.

### 10 Autism: Effective Emergency Response (Room 4)

**Moderator**

Dex Tuttle, Children’s Hospital Minnesota

**Presenter**

Ellie Wilson, Autism Society of Minnesota and University of Minnesota

This session will help those in various emergency response roles (medical, police, fire) identify with challenges related to autism spectrum disorders and similar developmental disabilities. Effective, practical strategies for improved communication, assessment and behavioral response will be shared to increase competencies in response to those with neuro-diversities in domestic, community and pre-hospital settings. *Approved for EMS credit*

### 11 At the Crossroad – Myths and Facts About Intersection Traffic Control and Safety (Room 5)

**Moderator**

Kate Miner, Scott County Public Works

**Presenter**

Howard Preston, CH2M

Traffic signals and marked crosswalks have been shown to increase crashes rather than reduce them. Speed limit signs and most warning signs have not been shown to reduce speeds. So why do we still install these designs and devices, and what works? By exploring various assumptions and myths related to intersection traffic control, we can use this info to design safer intersections that move us toward zero deaths.

### 12 Ask the Child Safety Passenger Expert (Rooms 1-2)

**Moderator**

Jennifer Booge, MAHUBE – OTWA Community Council

**Presenter**

Marilyn Bull, Riley Children’s Hospital

Hear from a world-renowned expert in the child safety passenger field! This live webinar with Dr. Bull will include hot topic issues such as hospital discharge planning, extended rear-facing updates and recommendations, and safe transport in ambulances. *Approved for CPS credit*

### 13 Technology to Increase Compliance with Red Lights (Room 6)

**Moderator**

Bill Shaffer, Office of Traffic Safety, Minnesota Department of Public Safety

**Presenters**

Sgt. Rick Denneson, West Hennepin Public Safety  
Katie Fleming-Vogl and Jerry Kotzenmacher, Office of Traffic, Safety, and Technology, Minnesota Department of Transportation

Participants will learn about technology that helps with red light enforcement, how they work and how they provide a safer environment for officers enforcing traffic laws. The session will include video clips demonstrating the technology in action. What technology is needed to help you get better compliance with red lights? Is it blue confirmation lights, or better signal timing? What other technologies are available to help in this area? *Approved for POST credit*

## 14 Injury Response to Drug Use (Rooms 8-9)

### Moderator

Lt. Don Marose, Minnesota State Patrol, Minnesota Department of Public Safety

### Presenters

Paul Nystrom, Hennepin County Medical Center  
Charles Soucheray and Patrick Sweany, Allina Health  
Emergency Medical Services

Drugs of abuse are changing almost daily and the potency and reactions to these changes require increased attention by medical staff. Learn about what EMS and hospital emergency room staffs are currently encountering.

*Approved for POST credit*

---

## 15 DWI Legislative Update (Room D)

### Moderator

Bill Lemons, Minnesota County Attorneys Association

### Presenters

David Bernstein, Minneapolis City Attorney Office, City of Minneapolis  
Hon. Lawrence Johnson, Anoka County  
Hon. Marta Chou, Hennepin County  
Jill Freudenwald, Department of Public Safety, Driver and Vehicle Services

Examine legislative and case law updates from the past year as well as ignition interlock programs, DWI Courts, and staggered sentencing with experts in the field.

*Approved for CLE and POST credit*

---

## 16 Safety and Policy Implications of Automated Commercial Motor Vehicles (Room 7)

### Moderator

John Hausladen, Minnesota Trucking Association

### Panelists

Dan Murray, American Transportation Research Institute  
Col. Matt Langer, TZD Leadership and Minnesota State Patrol, Minnesota Department of Public Safety  
Ray Starr, Office of Traffic, Safety, and Technology, Minnesota Department of Transportation

We've all heard the excitement around self-driving cars....but what about other types of vehicles? Panelists will discuss the safety and policy implications related to automated commercial vehicles, and will share results of a recent pilot study that demonstrated the use of autonomous technology in commercial vehicles.

---

**2:45-3:15 p.m.**

**Break and Exhibits** (Ballroom Concourse)

## CONCURRENT SESSIONS 3:15–4:30 p.m.

### 17 Why Do Teens Behave the Way They Do? (Room 3)

**Moderator**

Lisa Kons, Minnesota Safety Council

**Presenters**

Vijay Dixit, Shreya R. Dixit Memorial Foundation  
Ken Winters, School of Psychology, University of Minnesota

Adolescence is a period of significant brain development. Recent studies provide insights about risk-taking by teenagers and how these decisions affect public safety. Learn about new teen tactics being piloted in three Minnesota high schools involving self-learning technology that allows teen drivers to measure in real-time the severity of distractions in order to self-correct their behavior.

### 18 When the Dust Settles, Who Needs Help and Who Should Be Responding? (Room 4)

**Moderator**

Katy Kressin, Sanford AirMed

**Presenters**

Tom Nixon, East Central and West Central Minnesota TZD Regional Coordinator/Deerwood Fire Department  
Lt. Deric Swenson, Moorhead Police Department

When a crash occurs, how do responders determine whom to care for first and what interventions they need? This session will educate those first arriving on how to use proven methods of simple triage to evaluate patient condition severity to prioritize care. Scenarios will be used to practice this skill within the session. *Approved for EMS credit*

### 19 Pedestrian Safety – The Engineering Piece of the Pedestrian Safety Challenge (Room 5)

**Moderator**

Joe Gustafson, Washington County

**Presenters**

Melissa Barnes, Office of Traffic, Safety, and Technology, Minnesota Department of Transportation  
Kristi Sebastian, Dakota County  
Tom Sohrweide, SEH, Inc.

What successful assessment tools and strategies are engineers using to improve pedestrian safety? We'll briefly discuss the pedestrian statute and share research on when pavement markings and signing alone are not effective in addressing pedestrian safety engineering and study the usefulness of these tools using statistical data.

### 20 CPS Boot Camp Revisited (Rooms 1-2)

**Moderator**

Officer Nichole Korth, New Hope Police Department

**Presenters**

Officer Nichole Korth, New Hope Police Department  
LeeAnn Mortensen, North Memorial Health Care  
Allison Nicolson, Essentia Health

What are the hot topics within the state CPS program? This session will include such issues as: using social media to get your message out and promote CPS programs, tech proxy and senior checker, and free and low-cost materials to enhance your CPS program. Small group discussion of best practices will be included.

### 21 TZD Law Enforcement Grantee Session (Rooms 8-9)

**Moderator**

Shannon Grabow, Office of Traffic Safety, Minnesota Department of Public Safety

**Presenters**

Deputy Steve Garrett, Houston County Sheriff's Office  
Chief Jesse Anderson, Breitung Police Department  
Lt. Brad Norland, Minnesota State Patrol

Hear from a panel of speakers discussing enforcement strategies in greater Minnesota to maximize an impact with a smaller budget and fewer resources. In addition, grantees will play a game of Family Feud, which tests participants knowledge of the TZD grant program. The 2017/2018 law enforcement grantees are required to attend. *Approved for POST credit*

## 22 Drug Use Trends in Minnesota (Room D)

### Moderator

Lt. Don Marose, Minnesota State Patrol, Minnesota Department of Public Safety

### Presenter

Carol Falkowski, Drug Abuse Dialogues

Is your driver using drugs? Are they taking medications? Cutting edge information on what drivers are ingesting before they turn the key. An estimated 52 million Americans have abused prescription medications. New synthetic compounds are imported from other countries every day causing unpredictable, often toxic effects, and new types of high potency marijuana abound. *Approved for CLE and POST credit*

---

## 23 What's Vision Zero? Can it Coexist With TZD? (Room 6)

### Moderator

Kristine Hernandez, Statewide TZD Program Coordinator

### Presenters

Commander Jeremy Ellison, Saint Paul Police Department

Russ Stark, Saint Paul City Council

Michelle Pooler, Office of Transit, Bicycling and Pedestrian Section, Minnesota Department of Transportation

More than 20 U.S. cities have committed to the goal of Vision Zero – eliminating traffic fatalities and severe injuries among all road users – in the past three years alone. Vision Zero is a strategy to eliminate all traffic fatalities and severe injuries, while increasing safe, healthy, equitable mobility for all. Hear about Vision Zero strategies gleaned from other cities as well as from the City of Saint Paul – how they worked with the public and private sectors to rethink their roles and responsibilities for traffic safety.

---

## 24 Safe Transportation of Children in School Buses (Room 7)

### Moderator

Josh Duda, Crow Wing County Passenger Safety Coalition

### Presenter

Jennifer Booge, MAHUBE – OTWA Community Council

Learn the basics and best practices in the safe transportation of children via school buses. Discussion will include the proper use of bus restraints, school bus crash worthiness, and challenges with preschoolers and infants being transported on buses.

---

**4:30–5:30 p.m.**

**Reception (Ballroom Concourse)**

## FRIDAY, October 27, 2017

---

**7:00–8:00 a.m.**      **Buffet Breakfast** (Ballroom)

**8:00–9:00 a.m.**      **Opening Remarks** (Ballroom)

Col. Matt Langer, TZD Leadership and Minnesota State Patrol, Minnesota Department of Public Safety

**Safeguarding Our “High”ways: Combatting Drugged Driving**

Chuck Hayes, Drug Evaluation and Classification Program, Project Manager, International Association of Chiefs of Police

Through the years a great deal of emphasis has been placed on deterring impaired driving, especially the alcohol-impaired driver. Through the efforts of many groups and organizations, incredible progress has been made in addressing the challenges of drunk driving. But now, police officers and highway safety advocates have another challenge—the drugged driver. Nationwide we are seeing increased incidents of people driving under the influence of drugs, including prescription drugs, illicit drugs, recreational or medical marijuana, or over-the-counter substances, turning our roadways into “High”ways. In this presentation, you will learn about the problem of impairment-causing drugs, and what we can do to better safeguard our roadways from drugged driving. *Approved for CLE, EMS, and POST credit*

### CONCURRENT SESSIONS 9:15–10:30 a.m.

#### **25 Keys to Creating and Sustaining Community Sober Cabs** (Room 4)

**Moderator**

Annette Larson, South Central and Southwest TZD Regional Coordinator

**Presenters**

Cheryl Turck-Broda, Sherburne County SAFE CAB  
Allison Nicolson, Twin Ports JoyRide Program  
Penny Simonsen, Mille Lacs County TZD  
Kathy Cooper, Rice County Safe Roads Coalition

Starting a Sober Cab program is no easy task. Sustaining it is even more challenging! Learn from seasoned coordinators how to start a sober cab program in your community and make it grow. Partnerships, collaboration and the passion to stop drunk driving are key.

---

#### **26 Distracted Driving in Emergency Vehicle Operation** (Room 3)

**Moderator**

Jessica Schleck, Southeast TZD Regional Coordinator

**Presenters**

Dia Gainor, National Association of State Emergency Medical Services Officials

This session will examine distractions encountered by on duty emergency vehicle operators and the effects these distractions have on the job. Problematic tasks encountered while driving, the human factors of emergency vehicle operations, and distraction prevention measures will also be discussed.

*Approved for EMS credit*

---

#### **27 Work Zones - Speed and Distractions** (Room 5)

**Moderator**

Tom Sohrweide, SEH, Inc.

**Presenters**

Ken Johnson, Office of Traffic, Safety, and Technology, Minnesota Department of Transportation  
Captain Charles Lemon, Department of Public Safety, Minnesota Department of Transportation

Work zones disrupt the normal traffic flow and require drivers to take in additional factors for ensuring safe travel and safety for workers. This session will highlight safety concerns and how engineering and law enforcement can work together to improve the work zone. Vehicle speeds, intrusions, crashes, enforcement methods and how can we educate the public are all topics for this session.

## 28 LATCH - Dispelling Myths (Rooms 1-2)

### Moderator

Dex Tuttle, Children's Hospital Minnesota

### Presenter

Tony Jerischa, Kids Embrace

Fact or fiction: Can you use both LATCH and a seat belt at the same time? Which is better-LATCH or a seat belt? Can you use LATCH with a booster seat or in the center rear of all vehicles? This session will update participants on changes with the use of LATCH and will dispel any myths associated with it.  
*Approved for CPS credit*

## 29 Commercial Motor Vehicle Stops for Traffic Officers (Room 6)

### Moderator

Becky Putzke, Northwest Minnesota Law Enforcement Liaison, Office of Traffic Safety, Minnesota Department of Public Safety

### Presenter

Sgt. Joe Heyman, Minnesota State Patrol, Minnesota Department of Public Safety

Learn about how to identify CMVs, find common violations, and understand CMV documents. Together we'll explore what to look for during a commercial vehicle stop. When do you make the phone call? Whom should you call? Come and find out!  
*Approved for POST credit*

## 30 Validity of SFSTs for Drug Impaired Driving (Room D)

### Moderator

Lt. Don Marose, Minnesota State Patrol, Minnesota Department of Public Safety

### Presenter

Doug Beirness, Canadian Centre on Substance Abuse

The scientific validity of Standardized Field Sobriety Tests (SFSTs) for alcohol impairment began in the late 1970s and continued until the late 1990s. Since then, there has been much discussion of the validity of SFSTs for drugs. This session will discuss the research and results of this topic.  
*Approved for CLE and POST credit*

## 31 Navigating Social Media – What's On the Horizon? (Room 7)

### Moderator

Dave Boxum, Office of Communications, Minnesota Department of Public Safety

### Presenters

Jen Longaecker, Office of Communications, Minnesota Department of Public Safety  
Kristi Loobeek, Office of Communications, Minnesota Department of Transportation

With all the social networking going on, how do we get our traffic safety messages out to our target audience? Hear about real-life examples of how emerging networks are being used for traffic safety campaigns, news conferences and other initiatives. Then see what's coming!

## 32 From Stop to Conviction: Processing the Drug Impaired Driver (Rooms 8-9)

### Moderator

Officer Dan Irish, Champlin Police Department

### Panelists

Judge Gregory Galler, Washington County, 10th District  
Sgt. Andrew Mahowald, Chisago County Sheriff's Office  
Joe Van Thomme, Eckberg Lammers Law Firm  
Donna Zittel, Minnesota Bureau of Criminal Apprehension

Drug impaired driving is increasing daily. This panel will discuss the successes and limitations law enforcement officers and prosecutors encounter during a stop, obtaining the test sample, analyzing the sample, and during their trial.  
*Approved for POST credit*

## CONCURRENT SESSIONS 10:45 a.m.-noon

### 33 Debut of New TZD Tools and Ideas! (Room 3)

**Moderator**

Susan Youngs, Metro TZD Regional Coordinator

**Presenters**

Annette Larson, South Central and Southwest TZD Regional Coordinator

Tom Nixon, East Central and West Central TZD Regional Coordinator/Deerwood Fire Department

Jessica Schleck, Southeast TZD Regional Coordinator

Holly Kostrzewski, Northeast and Northwest TZD Regional Coordinator

Kristine Hernandez, Statewide TZD Program Coordinator

After nearly 15 years of Minnesota TZD, efforts to reduce traffic-related deaths and serious injuries can become stagnant. See what others are doing across the state in terms of community engagement, information sharing, as well as the rollout of the statewide TZD sharepoint site – a new resource that everyone can have access to for the latest TZD tools. This session is hosted by the TZD regional coordinators and statewide TZD program coordinator. Time will be allowed for others to share their community engagement efforts.

### 34 No Pulse? No Problem: Trauma Patients With an Artificial Heart (Room 4)

**Moderator**

Gynger Steele, Office of Traffic Safety, Department of Public Safety

**Presenter**

Joan Somes, Emergency Nurses Association

Your patient is talking to you and doesn't have a pulse; how is this possible? It is becoming more common to have a patient with an LVAD or one of many other devices that require special understanding. Using case studies, we'll learn more about artificial heart devices and subsequent trauma care. The Stop the Bleed campaign will also be highlighted.  
*Approved for EMS credit*

### 35 The Complete Streets Design Charrette (Room 5)

**Moderator**

Tim Plath, City of Eagan

**Presenter**

Mackenzie Turner Bergen, Office of Traffic, Safety, and Technology, Minnesota Department of Transportation

Jack Broz, City of Richfield

Urban streets are some of the most complex environments for motorists. Help design an urban street with traffic safety in mind and see what considerations go into laying out a street that all can use. Participants will consider such aspects as pedestrians, bicyclists, motor vehicles, buses, heavy vehicles, streetscaping, businesses and other items. Active participation is encouraged!

### 36 CPS Jeopardy (Rooms 1-2)

**Moderator**

Shannon Ryder, Office of Traffic Safety, Minnesota Department of Public Safety

**Presenter**

Sarah Tilton, Britax

Let's take those urban legends out of car seat installation and get the facts! Join forces with fellow technicians to see who can answer the most questions correctly regarding your state CPS laws and programs, rear-facing, forward-facing, installation, and some random CPS tidbits. CPS technicians and practitioners will have an opportunity to test their knowledge in this fun and interactive session. *Approved for CPS credit*

## 37 Anatomy of a DWI Crash (Rooms 8-9)

### Moderator

Bill Hammes, Metro Law Enforcement Liaison, Office of Traffic Safety, Department of Public Safety

### Presenters

Sgt. Geoff Maciejewski, University of Minnesota Police Department  
Trooper Troy Utes, Minnesota State Patrol, Minnesota Department of Public Safety  
Saint Paul City Prosecutor, Saint Paul Attorney's Office (invited)

Explore the anatomy of a DWI crash that involved a University of Minnesota officer and a squad hit by an impaired driver. Hear about what happened, how the event was handled, and the results of this intriguing event. *Approved for POST credit*

---

## 38 The State of Opiate/Opioids in Minnesota (Room D)

### Moderator

Lt. Don Marose, Minnesota State Patrol, Minnesota Department of Public Safety

### Presenter

Lexi Reed Holtum, Steve Rummier Hope Foundation

Opioids and opiates have reached epidemic levels in Minnesota and throughout the U.S. Participate in a discussion of the prevalence of opioid/opiates, their proliferation, adulteration, and influence. *Approved for CLE and POST credit*

---

## 39 Three Wheeling (Room 6)

### Moderator

Bryan Dodds, Metro District Traffic Engineering, Minnesota Department of Transportation

### Presenters

Simon Blenski, Minneapolis Public Works  
Amber Dallman, Minnesota Department of Transportation  
Nick Mason, Bicycle Alliance of Minnesota

Learn about biking around town from three different perspectives! The recent Bicycle Driver's Manual teaches bicyclists and drivers about safe biking and driving around bicycle infrastructure. Minneapolis will discuss the latest and greatest bike infrastructure and the results of their field testing. Also hear a personal story of daily, year-round bike commuting and what the view is like from behind the handlebars.

---

## 40 You Expect Me to Drive Through That? (Room 7)

### Moderator and Presenter

Victor Lund, Saint Louis County

Highway agencies have been installing more non-traditional intersections. EMS professionals have expressed concern on how to drive through these intersections as well as how they impact emergency response time. This session will provide an open forum discussion about how to treat these new intersections and still provide adequate response time.

Noon

Adjourn
