

Northeast Minnesota Toward Zero Deaths

6th Annual Regional Workshop Agenda

Spirit Mountain, 9500 Spirit Mountain Place,
Duluth

June 16, 2016

- 8:30 a.m. **Registration & Continental Breakfast**
- 9 a.m. **Welcome & NE TZD Regional & State Highlights**
Duane Hill, District engineer, MnDOT District 1 and Northeast TZD regional co-chair; Holly Kostrzewski, Northeast Minnesota Regional TZD coordinator; Kristine Hernandez Minnesota Toward Zero Deaths Program Coordinator
- 9:45 a.m. **Regional TZD Crash Facts overview**
Duane Hill, District engineer, MnDOT District 1 and Northeast TZD regional co-chair
- 10:15 a.m. **Break**
- 10:30 a.m. **JoyRide**
Panelist: Jessica Lange, Duluth DWI Court Coordinator, Specialty Courts Coordinator and Lt. Chad Nagorski, Duluth Police Department
- 11:15 a.m. **Personal Impact Statement – Heather Hahn**
A crash involves more than the injured. This session reviewed how one family dealt with the ongoing insurance claims, rising medical costs, and claim denials, as well as how interaction with law enforcement (offering support, crash scene information, and community resources) can make the journey of healing, both physically and mentally, a bit easier.
- 12 p.m. **Lunch & Exhibits**
- 1 p.m. **NE TZD Call to Action!**
Share successful traffic safety countermeasures being done locally, challenges encountered and how these efforts can be implemented in your communities. Discussion topics will highlight efforts by each “E” and be selected using Northeast Minnesota crash data.
- 2 p.m. **Breakout sessions: See how effective countermeasures are done locally and how you can implement in your community**
- A. Flexible Design, Mumbles, Rumbles, and Speed!**
Derek Leuer, Assistant State Traffic Engineer, MnDOT and Jim Rosenow, Design Flexibility Engineer, MnDOT
MnDOT is implementing the concepts of performance based design, context sensitive solutions, complete streets, and practical design. What does all this mean? This session will also include information on the Statewide Speed Study, the new mumble strips, and current statewide engineering safety planning efforts.

Northeast Minnesota Toward Zero Deaths

6th Annual Regional Workshop Agenda Spirit Mountain, 9500 Spirit Mountain Place, Duluth

June 16, 2016

B. Auto-Launch and resource dispatching

Mike Schultz, Operations Manager, Sanford AirMed

When a crash occurs, time is vital. How can you contribute to the expediting of patients from a crash scene to appropriate medical care? NERTAC representatives will outline the criteria for patients that may require critical care air transport. This process impacts the outcomes of patients as well as responder safety and may become standardized throughout the state.

3 p.m.

Wrap up and Adjourn

Captain Ron Silcox, Minnesota State Patrol, District 3100

Please take time throughout the day to visit the traffic-safety exhibit tables for reference materials and ideas to implement in your communities.
