Legend

- HTCMB installed
- Statewide
- US Highway
- MT Highway

MeDOT Office of Traffic, Safety & Technology February 2017

Minnesota High Tension Cable Median Barrier

95% Reduction in Fatal Head-on Crashes

2003: None
2014: More than 450 miles
2016: 578 miles

Roundabouts

- Removes Right Angle Crash potential (T-bone crashes)
- Reduces severe crashes by **80-90%**
- Delay Reduction versus a 4-way Stop or Signalization

Description	Total Crashes	K	A	B	C	PDO
Before Crash Rate	0.442	0.0062	0.015	0.054	0.124	0.243
After Crash Rate	0.323	0.001	0.0025	0.022	0.054	0.244
Percent Increase/Decrease (By Rate)	-27.0%	-89.9%	-83.4%	-60.9%	-56.3%	+0.4%

Edgeline & Centerline Rumble Strips

Reduced Conflict Intersections

- **100%** Reduction in Fatal and Serious Injury Crashes
- 77% Reduction in Right Angle Crashes
- Many more sites planned, programmed, or in development

County Road Safety Plans

According to Rick West, Otter Tail County engineer:
“...provide practitioners with a detailed, prioritized county-wide, safety plan to guide and support future safety investments. The benefits far outweigh the challenges and have resulted in a safety culture change in Otter Tail County.”

Established Statewide Trauma System

Pre- and Post-TZD

Statewide Aero Medical Policy

- “Es” coming together for incident management
- Reduces response time
- Removes liability in decision-making

Losing a Loved One

A wife who loses a husband is called a widow.

A husband who loses a wife is called a widower.

A child who loses his parents is called an orphan.

But there's no word for a parent who loses a child;
that's how awful the loss is!

Jay Neugeboren; An Orphan's Tale

**Point of Impact: Teen Driver Safety
Parent Awareness Classes**

FIRST IMPACT

preparing new drivers for the road ahead

 School of Medicine
University of Missouri Health

TRAFFIC CRASHES ARE THE #1 KILLER OF TEENS
BUT THAT STATISTIC CAN CHANGE...

preparing new drivers for the road ahead

DWI Courts

Enforcement

- Highly Visible
- Targeted
- Coordinated state and local efforts
- Multi-state border to border efforts

Driver License Sanctions – Ignition Interlock

The number of impaired (BAC \geq 0.08%) drivers in fatal crashes falls

- ↓ 3% when states require interlocks for repeat offenders only
- ↓ 8% when states require interlocks for repeat offenders and first offenders with high BACs
- ↓ 16% when states require interlocks for all DUI offenders, including first offenders

Motorcycle Safety Training

- **2011:** MN Advanced Rider Courses
- **2012:** MN Expert Rider Courses
- **Added Trainings:** 3-Wheel, Moped, Road Guard, Skills Re-test, etc.

1986: 375 Students

Through 2017: 169,740 students in all courses

Teen Hands-on Learning Activities

Wheel of Distraction

Pedal Kart Obstacle Course

TZD *Buckle Up* Stencil

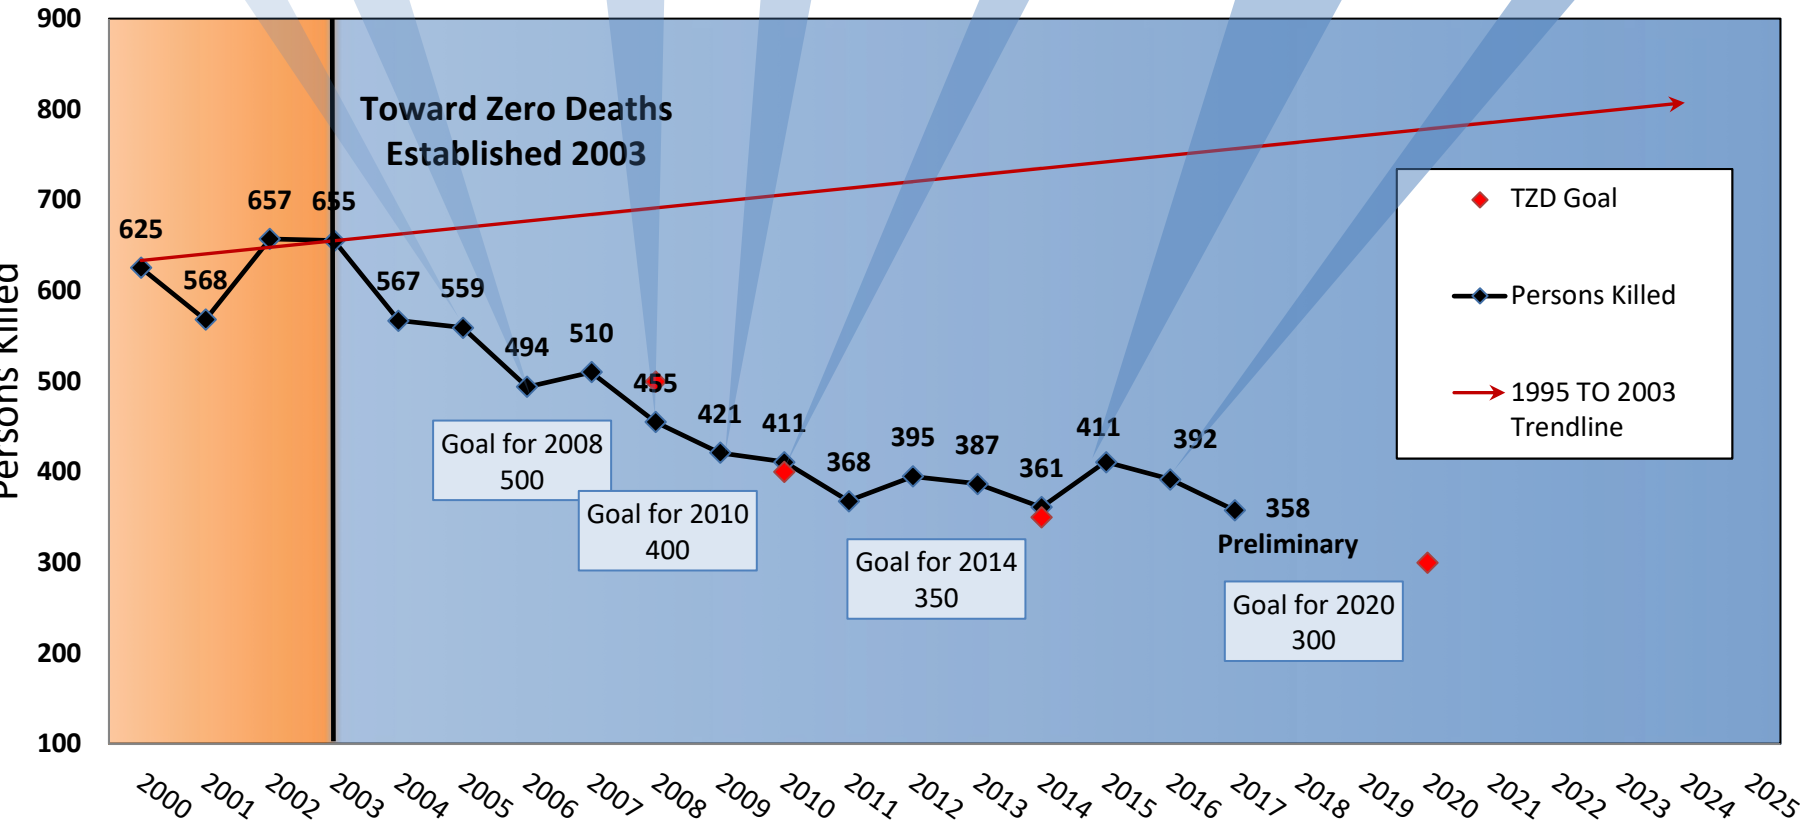

Example: Bemidji State University
(Pennington & Red Lake Counties)

Minnesota Roadway Fatalities

Source: MnDOT 2/20/2018

- 2005 Statewide Trauma System & 0.08 BAC for DWI
- 2006 Cell Phone Ban (Under 18 and Provisional Drivers)
- 2008 Texting Prohibited While Driving & Expanded GDL Laws
- 2009 Primary Seat Belt, Booster Seat, Expanded GDL Laws
- 2010 Driver License Sanctions Ignition Interlock
- 2014 Additional Work Zone Speeding Fines; Increased Hours of Practice for Teen Drivers & Require Driver Educators to Offer Parent Training
- 2015 Increased fine for texting and driving second offense

What is *Traffic Safety Culture*?

Shared:

- Values
- Beliefs
- Norms
- Attitudes

North Memorial Health Care

Safeway Driving School

MnDOT Fleet & Watercraft!

2017: 3-Year Traffic Safety Culture Community Pilot Program begins

3-Phase Work Plan

- Establish community partnerships
- Develop traffic safety culture strategies
- Implement traffic safety strategies

Message Monday!

November 2016

Partnering with MnDOT & DPS

Sharing with Iowa & Wisconsin DOTs

From a Facebook message:

Hi MnDOT! I am a Pennsylvania resident, but was out in Minnesota visiting friends and saw your sign on 62 near Minnetonka. I loved it so much, I stitched it on a T-shirt and I wanted to share. Have a great day!!

Traffic Safety Culture

What Makes TZD Successful?

- Addresses all roads
- Multi-disciplined, “4-E” approach
- Proactive/systematic
- Breakdown obstacles (time, attention, silos, resources, habits, turf, credit, attitude)

What lies ahead?

The Future: Automated Vehicles

Speed Study Pilot Project – Portable Speed Signs

"It is an education tool and an enforcement enhancer, it puts the driver on notice." - Capt. Joe Dwyer, MSP District 2800

Future: Partnerships with Neighboring/Midwestern states

- North Dakota
- South Dakota
- Iowa
- Wisconsin
- Illinois
- Michigan

Minnesota TZD State Conference or Midwest TZD Conference?

Increase Active Statewide Coalitions *to all 87 Counties*
